# MPV & Breakbulk Southbound

## Your shipment from Europe to West Africa

### Specialist in project cargo and breakbulk services to West Africa

NileDutch has grown to be one of the largest shipping companies in the world, handling containerized and non-containerized cargo. We focus on the links between (West) Africa and the rest of the world, supporting companies as they discover the opportunities the African continent offers.

#### our services, especially suited for:

- (De)mobilization cargo
- Wood
- Cocoa
- IMO 7
- Containers

The NileDutch fleet of container vessels is supplemented by vessels specially designed for OOG and project cargo. These include modern OOG tweendeck vessels of 12,000-18,000 dwt.

### How can we help with your shipping needs?

Our MPV Trade team is open, approachable and multilingual. We aim to be close to our customers and focus on their needs.
